

**COURSE PREREQUISITE OVERRIDE REQUEST**

*For students seeking enrollment into a course offered by SCAI without meeting the listed prerequisites and/or requirements for enrollment.*

**INSTRUCTIONS:** Please follow the below steps for submitting your prerequisite override request.

1. Complete *Student Information* and *Course Information* Sections and Sign Request
2. Attach Any Documents To Support Your Justification (Transcripts, Transfer Course Syllabi, etc.)
3. Submit Override Request and Supporting Documentation to the Course Instructor and Request Approval to Enroll
4. If Instructor Grants Approval, Submit Override Request, Supporting Documentation, and Instructor Approval
  - <https://fultonapps.asu.edu/override/>
5. Wait For Final School Review of Your Override Request
  - You Will Be Notified Via Email If Your Override Request Is Approved, Denied, or Needs More Information
  - Override requests are reviewed in the order in which they are received.
    - Review can take several weeks to complete
    - Requests from non-SCAI majors will be reviewed 1 week prior to the start of the course

\* Instructor approval does not guarantee a prerequisite override request will receive final approval.

\* Prerequisite overrides will not be approved for current SCAI undergraduate major students.

\* Overrides will not be approved for reserved seats or for courses that are full.
